ALVIN J. CLARK.	

REPORTS OF ROAD AGENTS.

UNION DISTRICT.

LANCASTER, Feb. 23, 1892.

To the Selectmen: The undersigned charges himself in account with the town, to the following sums—

RECEIVED.

For dirt sold to individuals	\$ 98 95	
Assessment on sewers	32 50	
“ sidewalks	40 93	
		\$ 172 38
Received on orders of the selectmen		2,516 62
Total receipts		<u>\$2,689 00</u>

EXPENDED.

This has been expended as follows:

For sidewalks	\$ 275 80	
Sewers	289 56	
Setting engine, house, etc	140 62	
Tools	49 89	
Amounting to		<u>\$ 755 87</u>
Leaving		\$1,933 13

Which has been expended in building Macadam streets and keeping in repair some eight miles of street and road.

SIDEWALKS.—With \$275.80 we have taken up 3,200 feet of old plank walk which had become unsafe, and replaced it with sand, gravel, and rock walk,—also broken rock to the value of \$75—for the concrete walks.

SEWERS.—Of the \$289.56 expended for sewers \$132.18 was paid for pipe laid on the extension of the Railroad street sewer, made by the order of the State Board of Health, the balance on Middle and Cemetery streets, and the Town Hall sewer which was torn up in the spring freshet.

ROCK CRUSHER.—For the \$190.51 the town has the rock crusher and engine, set in place, with a good house over them, and a set of tools (bars, drills, hammers, screens, barrows, etc.), for handling stone from the ledge.

MACADAM STREETS.—In building these streets I have endeavored to make a stone road on a well-drained foundation, covered with a smooth water-shedding roof of pure, hard, crushed rock, rolled solid, the stone broken fine enough to fill its own crevices, and large enough to endure travel. Of this road we have made 5,347 square yards, of an average depth of eight inches, which should be worth to us, at 40 cents per yard, \$2,138.00.

THE COST TO THE TOWN for the highways in this district has been, (exclusive of supervision), \$1,760.75. This was expended as follows:

Team work	\$ 740 24
Plank	38 43
Wood	33 00
Drain pipe	84 76
Repair of tools	33 80
Repair of machines	19 68
Labor and incidentals	810 84
Total	<hr/> \$1,760 75

With this we have made three new culverts of drain pipe, replanked five culverts, carted away the mud and dirt from Elm and Main streets, and kept in repair the roads and streets of the district. Thus the actual cost of the stone road must be much less than the estimate of 40 cents per yard.

There is in my hands a balance of \$83.81 to apply on my services of 104 1-2 days.

I herewith submit the auditors' report, with the 261 receipts, to which (as they are numbered and indexed) you can easily refer for any item of expense you may wish to investigate. I have paid for labor \$1.50 per day of ten hours, and for two-horse team and driver, \$3.50 per day, or 35 cents per load of crushed rock delivered on the streets.

Respectfully submitted.

JARED I. WILLIAMS.

LANCASTER, Feb. 27, 1892.

We, the undersigned, auditors for the town of Lancaster, N. H., have this day examined the accounts of J. I. Williams, road agent, and find them correctly kept, with vouchers covering the same.

Of this money \$195 was laid out on the indicted road from J. Matthews to Jack King's; \$44.50 on Williams' part of the road; \$7 20 I paid on last year's acct, which leaves me \$1,585.62 laid out outside of the indicted road. Out of this I have carted 343 loads of gravel and blasted 67 stone and ledges. I have delivered to the selectmen 216 receipts to show where the money has gone. I laid out \$373.08 on the new road from the Moore place to Northumberland line. An itemized account and the receipts for the same are in the hands of the selectmen.
